Downers for the Division

1. Several of the members are having medical problems which will slow some of the goals of the Division.
2. We are working on training more members in other areas
3. Also this is the time that a lot of members and the public take their vacations

Fixes

1. Keep training replacement for everyone is as many areas as they can and have time for
2. Keep trying to recruit new and younger members to help keep the Auxiliary going
3. **AGENCY INTERACTION:**

Sheriffs Departments, Rangers at the lakes, California Boating ,Corp. of Engineers

GOALS AND OBJECTIVES:

To make our goals for the year and push on past them as much as we can
To have the best Division in the District by working as team and not separated Flotilla's
Be positive and keeping looking forward and learning from our past mistakes
