DETAILS:

- (1) **ABS Class:** Division 7 is actively promoting Public Education this year after our highly successful Boat Show in February. We have a number of ABS courses being taught throughout the month of April, and will be holding more ABS classes every month till September. Year-to-date we have taught eight classes.
- (2) **2019 D-Train:** We had twenty-two members attend D-Train. Our members put together a wonderful Fun Night, and it was a big success. Bravo Zulu to all the members that made it happen from our Division. Certificates of Appreciation have been presented to the members that participated and made this event successful.

Note: please check out the photos of D-Train 2019 Fun Night on the District Photo Gallery!

- (3) **2019 Operations Patrols:** We will be resuming Ops patrols very shortly after our winter hiatus - our members are anxious to get on the water. We are anticipating a number of new members working on becoming boat crew qualified this year, as well as a couple new coxswains. We are also anticipating a couple new facilities being added to our Division.
- (4) **Gar 2.0 Risk Management:** We continue to encourage members to complete the initial on-line Risk Management course no later than April 30th.
