3. Revamp of Division Website
4. Division OPTREX
5. Division Newsletter

Details

1. Division Meeting – Held our monthly meeting with input from the Flotilla Commanders and Staff Officers. Working towards our goals.
2. Flotilla Training/PPE/Big Thaw – The flotillas are coordinating their bubbles and gathering facility operations availability for the upcoming year. We have members working with others to meet the criteria needed and making it possible to have a great year outcome. PPE is being reviewed virtually and making sure that is anything is needed, processes are being followed and in a timely manner to have in time for the season. Big Thaw – spring is coming and the water will hopefully soften soon. Training will commence.
3. Revamp of Division Website – SO-CS started revamping and holding meetings on how we can exploit the website for both internal members and potential candidates. Adding shortcuts to websites to make it easier to navigate.
4. Division OPTREX – Our OPTREX is scheduled for August 6-7 at Jordanelle Reservoir with approximately 22 members for requal this year and numerous members looking at qualifying for initial Crew, initial Coxswain and initial PWC.
5. Division Newsletter – third newsletter went out on March 1st to the Division with details from the Division Meeting and flotilla meetings.

Respectfully submitted
