

**U.S. COAST GUARD AUXILIARY**  
Eleventh Coast Guard District Northern Region  
Division 7

TO: COMO Dean McFarren  
CC: DISTRICT 11NR BOARD AND STAFF  
FROM: Tony Zocchi, DCDR  
RE: Division Report – April 2021  
DATE: May 15, 2021

**HIGHLIGHTS**

1. Division Meeting
2. State Boats/Loaner for Another Division
3. Water Levels/Boating Season

**Details**

1. Division Meeting – Held our monthly meeting with input from the Flotilla Commanders and Staff Officers. Working towards our goals.
2. State Boats /Loaner form another Division – Last month I reported that we had lost 2 state boats. Within 2 weeks of the last district board meeting, I received a call about the opportunity of a potential loan of a boat. We have since worked out the details on this boat and it will be coming shortly to Utah to be used as a facility with our Flotilla 7-3 as the primary patrol/training vessel. We would like to extend a huge **THANK YOU** to Division 11 – Bryce and to Peter Rast for all they have done to help make this happen. Prime example when we all work together for the great good.
3. Water Levels/Boating Season – our water levels are looking to be at the highest point right now which is not very favorable for our boating season but with that being said, our members have been working to get facilities in the system, patrol orders input and working towards getting on the water to help the public. More to come as the months progress.

Short and sweet but our season is just about to begin. Water temperatures are now on a few of the lakes in the 60's and others are still in the high 50's. At this point, we look like for what we have for facilities, we will be able to support about 4 lakes each weekend.

Respectfully submitted

Tony Zocchi, DCDR
