- **Flotilla 10-06** Elected officers for the year 2023 are Rod Rollins as FC and Richard Myers as VFC. The Flotilla is getting more membership participation and looks like they will become more active this coming year. New members, Jeff Goble and Jerry Mathews are being processed.
- **Flotillas** will be given notices of what needs to be turned in for the coming year to DIRAUX to have them up to date and make the transaction into 2023 easier.
- **The Division COW** is being held on Sunday, November the 13th at the Veterans Center in Modesto.
- **The Division** disenrollment's have all been turned in and we are now starting to send in new applications for membership. The time to rebuild has finally arrived.

- **Covid** is still in the mainstream of our everyday lives. One of our members went on a trip to Europe and came home and tested positive. I get criticized for pushing the vaccine, but someone needs to do it. This is still a get it done need. With the vaccinations this person has had, it will probably just need to do the 10-day quarantine.

PROJECTS:

- Recruiting to increase membership with Division resources.
- Remind members that we are all HR personnel.
- Mentors for new members.
- Fellowship and fun.
