<u>Included at end of this report:</u>

• D11N OPERATIONAL HOURS

OPS REPORTS INDEX by SUBJECT

REQUIREMENTS BEFORE REQUESTING A QUALIFICATION EXAMINER:

The below information has been requested again. Suggestions how to make it simpler are welcome.

All tasks in the AUX Boat Crew Qualification Guide are to be signed off by a

Mentor. The below tasks are included in the qualification guides for Crew, Coxswain and PWC Operator but here is a run down of some of the classes and tests that are required. All tasks are to be done prior to requesting a Qualification Examiner.

| Crew: | | COYSW | A IN. | |
|--|---------------------------|--|---|--|
| Can be in an AP Status | | COXSWAIN: | | |
| | | Be BQ Qualified | | |
| ICS 100 | | Not be in REYR as a Crew Member | | |
| ICS 700 | | 28 Hours underway as a qualified Crew Member | | |
| 8 Hour TCT (Within past 5 years) | | 8 Hour TCT (Within past 5 years) | | |
| | | ICS 100 | | |
| | | ICS 200 | | |

QUALIFICATION EXAMINER REQUESTS:

Coxswains to man the

vessels

It is as if everyone woke up and discovered they only had three days to save the world. Everyone is sending in requests for Qualification Examiners. By September 1st, 2007, there were

Flotilla please have all candidates' names on

one form. Only one form per OE session.

alternate date that OE is needed.

over one hundred and twenty requests for QEs. By September 1st this year we only had forty and then the dam broke and everyone desires a QE.. Please give at least three weeks notice when you need a QE and verify all in your AOR who need a requalification check ride before requesting a QE. It is very difficult to assign one QE to duty then discover that three are really needed.

Before you send in the QE Request forms please verify that all the candidates have the tasks listed above are compete. Have your FSO-IS print out verification for each candidate for presentation to Qualification Examiners. This also will verify any tasks that have not been put into AUXDATA. Also please send in only one complete QE Request Form for each event to include all members from all flotillas that are in need of a Qualification Examiner.

PHOTOS IN POMS - Additional Flotilla Tool

Mrs. Noreen Folkerts, from D17 (Alaska) has figured out how to add photo's to POMS (and print it out by flotilla). It looks awesome & has helped Command Centers have a good visual when dealing with Auxiliary facilities.

Mrs. Folkerts enclosed her Sitka Flotilla to show you what it looks like with the picture of the facility & without. All the instructions are below.

OMS photo 1700103.PDF

Cold Water/Warm Weather

Cold water (below 60° F) is here but some places are still experiencing warm weather. Coxswains must call the Coast Guard unit they will be working for the day of the patrol and request a Mustang waiver. If the CG unit grants the waiver all coxswains must ensure that a mustang for every member of the facility is carried on board. The reason you must carry the mustang for everyone is just in case something bad happens and you have to enter the water.

Maximum Crew

The old District Auxiliary Procedures Guide stated:

"Maximum crew shall be no more than twice the minimum crewing requirements for normal patrols. When a mission is being conducted primarily as a training mission, Cox'n judgment may prevail. In no case shall total number of persons on board exceed the manufacturer's stated maximum capacity."

I believe the reasoning for this policy was in the event a patrol vessel had to rescue people during a SAR case there would be room onboard. This policy was rescinded by the OTO, CWO Frost, a few years ago. A facility still cannot exceed the manufacturer's stated maximum capacity, not even during a SAR case.

IMPORTANT INFORMATION CONCERNING OPS-8s

As a Facility owner you do not need an OPS 8 on yourself. When you do turn in an OPS-8 for others to operate your Facility please include all the names of all Coxswains. If a name is not on the list, but is in POMS as an authorized Coxswain for your vessel, the name will be removed from POMS. This is the link to the current OPS-8s form:

http://d11nuscgaux.info/docs/Downloads/OPS-8Form.pdf

ORDERS WHILE ON PATROL

Please print from POMS and have on board your Patrol Orders while underway and under orders, not just the number.

Missions to date for 2008
