March 15, 2018

Here are the events completed in February

Four AuxFSs provided the food for the Flotilla 12-91 Change of Watch at the Berkeley Yacht Club. They received many compliments for their hard work.

Future events

Looking forward to D-Train in March, a few of us have been working on the menu and recipes needed to have a great after banquet party. Several AuxFSs will be there to help between classes. Tommy will be doing his great ice sculpture.

Five AuxFSs have volunteered to cook 2 meals and snacks for the Division 5 OPTREX in April.

Air Station San Francisco has again reached out to the AuxFS to provide snacks for their Flight Suit Formal in May. Michele is working on a great selection of food for them. Tommy will also be doing another ice sculpture for their event. So far 4 AuxFSs have volunteered to help.
