Subject: Incident Management (IM) Report

- D-Train & ICS Classes
- Asst EPLO
- COOP – Separate Report
- Everbridge Exercise This Month

### **D-Train**

I will be giving a one hour presentation on AUX response to Disasters at D-Train. This one-hour session will cover the potential roles of an Auxiliarist in different types of disasters, an introduction to the D11n Contingency Plan, pertinent training and qualifications, deployment survival and preparing yourself and your family at home for a disaster.

The four days before D-Train I will offer a FEMA ICS 300 class and a FEMA ICS 400 class. California cannot certify in Nevada, but I was able to get certified by Nevada to offer the courses ... and they are free. \$0 each for certification. It will have CG specifics included.

### **Asst EPLO Work**

Maintained awareness. Not activated. Meeting at FEMA RRCC in April.

### **Continuity of Operations Plan (COOP) with Sector SF**

See separate report.

### **Everbridge Exercise**

Conducted on February 17. Seems to have been an initial success; just over 2/3rds of members confirmed receipt. National has helped us with a custom report which adds flotilla numbers to members for our use. That will be helpful in following up. See chart below.
