In regards to our performance as compared to the rest of the country for 2018:

<u>Category</u>	<u>National Ranking</u>
○ Public Education Enrollment	8th
○ Public Education Enrollment U/17	3rd
○ Public Education Graduates	7th
○ Public Education Graduates U/17	3rd
○ Public Education Course Completions	13th

• **Thoughts behind numbers**

Our enrollment and graduation figures went way up because Division 12 recorded some very well-attended youth courses. Because they were a few large courses, it helped the enrollment and graduation figures, but did not change our ranking in the course completion stat as dramatically. Our figures overall were also helped by our ongoing efforts to track down competed PE activity and make sure that it gets properly entered into AuxData.
