SUBJ: August's District 113, Communication Services (CS) Report

**Topic Summary:**

1. District Cloud Storage Problems.
2. New District Staff Officers Page
3. MT-3 Form Errors
4. New CDR Paige Keenan's page
5. 2018 Fall PCA Flyer

**Topic Details:**

- 1 **District Cloud Storage Problems:** A few weeks ago, many of the sub-process that make up our Cloud Storage and District eMail service started failing. This required that each one be rebooted. A few days after to complete the process we had to reboot the kernel. The kernel is the core of any server, laptop, or desktop system. It's the lowest level program that controls everything. All of this did impact the end users for a short time.
- 2 **New District Staff Officers Page:** The new District Staff Officers went live last month, but we needed to take it down for some editing. Thanks to the keen eye of our DSO-LP Joanna for pointing out some small errors on the page. The page will we fixed and reposted in the next few weeks. It's not to late for the DSOs to send me a photo for the new page. I would like to again ask all the DSO to check out the new page and see if thy would like to make any changes to the write up next to there names. The new page has not been blocked from any of the DSO.
- 3 **MT-3 Form Errors:** Bill Stolz, reported that members are having problems opening the MT-3 from. After testing the form in two browsers I can't find anything wrong. Bill and I would like to let the members know that a Quick Link to all the operations forms can be found on the Operations page.

- 4 **New CDR Paige Keenan's page:** Our new CDR Paige Keenan's "From the Director" including a short bio has been updated and can now be viewed. Along with this CDR Keenan has been added to the Board page.
- 5 **2018 Fall PCA Flyer:** With the PCA fair just a few weeks out, the flyer has now been posted to the Calendar and What's New web page.

**ADSO-CS Staff;** The District ADSO-CS (ADSO-CS reports are included in the DSO-CS report)

  - 3.1 Flotilla 4-6
    - 3.1.1 No WOW updates have been made this month, no new information was received.
    - 3.1.2 The Flotilla has opened a dialogue for a flotilla logo. They are working with the Auxiliary graphics corps (<https://www.facebook.com/cgauxgraphics>).
    - 3.1.3 The FSO-CS opened a trouble ticket with the help desk regarding a web issue for the "Find a class" utility regarding ABS classes. Flyers for class will not show a map of where the already listed classes will be held. More importantly, students can not find classes near them based upon the zip code lookup feature. When a search is submitted for a class the result of "no classes within 100 miles" will pop-up. This means that students can not find any classes to take nation wide, and we've got less students as a result. There was no time known for resolution.
