RE: ASC-SF OCT District B&S Report

- Bravo Zulu to our outstanding AUX Fleet Week support coordinators, Terry Blanchard for vessels, Kevin Sellstrom for Comms, and Michael Brown for shore side support.

Our AUX Boat Crews, TCOs and shore side crew are a vital part of a successful Fleet Week event supporting the CG and other law enforcement agencies while interacting with and promoting the safety of the boating public over several days of activities.

- Thanks also to DCO(e) Mary Kirkwood for recruiting and coordinating the several AUX volunteers who served aboard CG Cutter ASPEN as safety facilitators, helping to assure the safety of the many guests aboard.
- The Sector SF Fleet Week guest ride coordinators did an outstanding job accommodating many of our AUX members' requests for guest rides on cutters during Fleet Week for the 4 days: THURS–SUN.

Regrettably (and unusually), this year 14 of our AUX members and their guests receiving invites cancelled for various reasons on very short notice. This is an unusually high number of last minute cancellations which could have accommodated the many other AUX who requested, but did not receive invites.
