In regards to our performance as compared to the rest of the country for 2018:

<b>Category</b>	<b>National Ranking</b>
○ Public Education Enrollment	7th
○ Public Education Enrollment U/17	4th
○ Public Education Graduates	7th
○ Public Education Graduates U/17	4th
○ Public Education Course Completions	T-11th

**ANALYSIS**

- Although students and graduates are down from 2016 and 2017, the more important thing to notice is that number of course completions is up from both of those years. Because Division 12's large youth courses swamp all other activity in terms of counting students and graduates, number of course completions is a better indicator of the overall level of PE activity throughout our district.
- Our national rankings stayed stable from last month. As noted in earlier

reports, our ranking may improve slightly once we successfully get Division 3's PE activity entered into AuxData.

### **UPCOMING EVENTS**
