District 11N DSO-PV Monthly Report 24 DEC– 2018

This will be my final report to District. **Mike Thompson will be assuming the DSO-PV role for us and I wish him well. It has been my pleasure to serve these past two years. I wish to thank our Dist. 11N Board, our hard working SO's from each Division and mostly the large group of PV members who do the heavy lifting, so to each of you, I salute your ongoing efforts and wish each of you and to your families, a hearty Happy Holiday.**

Bravo Zulu.....and Smooth Sailing!

Rick Saber, DSO-PV

A continuing challenge is the lack of updated AUXDATA in both hours and visit numbers. This has been a thorn in our program as it is confusing to get data we send to our IS Dept. unrecorded or dead slow in posting, thus skewing the actual efforts put forth by our hard working team. I note this month that our numbers sent in my OCT report are actually higher than those shown today, 24 Dec. This mystery as well as sent but yet unposted on Auxdata do not display correct results, thus shorting efforts by a good amount, including Centurions. It is hoped that this glitch will be both seen and repaired in 2019. D 11N Visits/Hours Reported By SO-PVs and posted in Auxinfo:

The symbiotic relationship between PV, VSC, PE and PA strengthens all four of these core tasks. We Program Visitors are key to informing the Boating Community on everything from basic safety on the water to better methods in maintaining Situational Awareness. We pass training opportunities and interact in many other informative ways, limited only by imagination. As part of your team, I stand ready to both support your work as well as listen to ANY suggestions you may have to improve or sustain our program.

Century Club Members Congratulations to the following members who completed 100-plus PV Visits in 2017 or 2018:

We have 12 members in the 2018 Century Club
