As you can see from above, we have a lot of training going on. It appears that we are going to have new VE's, PV and leaders.

Reminder that anyone that joined as on February 1, 2018 must complete the BQ II before they can move out of AP status.

5 CORE training classes need to be repeated so watch your training roster to make sure you complete in time.

Great Job on getting the training done and being ready to support all the areas of the Auxiliary.

2. RM 2.0

About all members need to complete the Introduction to Risk Management on AUXLMS.   On-line must be completed by April 30, 2019.

5. Flotilla Member Training Staff Officer Reports:

   a. FLOTILLA 51 – Michael Ungersma, FSO-MT
      i. At our January Flotilla meeting:
         1. Discussed the new 102-slide presentation on Uniforms that came out in December 2018. Decided that members can review it on their own. Arranged to have the link to the presentation added to our Flotilla web site.
         2. Reviewed the new policy on Risk Management and TCT, noting the additional qualifications and officers who will need to take the online "Introduction to Risk Management" (100202) course, and in some cases, the annual refresher workshop. Followed up with an email to all members with the link to the online course.
         3. We have a number of CMA student members who have not completed their core training, and thus are not entitled to a member card or advancement to IQ status. Reviewed the list of such members with Steve Johnson, CMA liaison, and discussed ways to help those members to complete their obligation.
         4. Contacted BOSN4 Doug Leavell with some questions about the refresher workshop and waiver process for those who work at CG station support tasks. Answers pending.
      ii. FLOTILLA 52 – Glenn Hunter, FSO-MT

1. Continued working on planning Flotilla 52, 2019 *Member Training Activities.*
2. Dockside Boat Crew Training for Flotilla 52 members after Flotilla 52 Meeting on February 16, 2019.
3. Training for Flotilla 52 members during Flotilla 52 Meeting on March16, 2019.

    iii. FLOTILLA 53 – Stephen Cramer, FSO-MT:
        1. Members are holding work groups to get flotilla members certified and re certified as Aid Verifiers. Any one interested in joining them should contact Lew Derfuss, VFC 53.
    iv. FLOTILLA 55 – Wil Sumner, FSO-MT
    v. FLOTILLA 57 – No FSO-MT on staff. No Report Submitted.

b. **Division 7:** Working with new members on BQCM 2 to be completed. OPS training and Optrex work to be processed shortly.

c. **Division 8:** Virtually all members need to complete the Introduction to Risk Management on AUXLMS. The attached pdf has step-by-step instructions for gaining access to the video on AUXLMS. Following the instructions on each page of the video is essential for successfully completing the course. The introduction must be completed before attending the class room Risk Management course. While the course was designed to be taken individually, we have permission to use a classroom environment for multiple attendees. I have a stock of Risk Management enabling fluid from various breweries and vintners in CA and if you need assistance with the course, contact me for an appropriate time slot. Enclosure (1) to CG-BSX Policy Letter 19-01 (attached) shows who must complete course 100202.

d. **Division 10:** Have received reports from 10-02, 10-03 and 10-06. All are working hard at basic training and new requirement for Ops and GAR 2.0. All are doing training moments at meeting.

    i. Good points: Starting to get better communications with FSOs, Members starting to apply themselves

    ii. Bad Points: Needing member to better understand AUX procedures, FSO's learning their job, Not enough time spend on member training

    iii. Goals: To be a better person, friend and leader, To make sure information is passed down to the FSO's and members, To make sure my reports are filed on time!

4. D-Train Classes

    Classes are scheduled and schedule is out. Please make sure to follow up with your members about attending. RM 2.0 has been approved and will be

taught 1 time for 3.5 hours. This is a change to what has been sent out. We will work to get training out to the Division so that everyone gets the opportunity. You have 15 months to take the in class portion of the training. We want to make sure that the other classes being taught at the same time are attended as a lot of work has gone into them and they are just as important with information.

The two C-Schools that we were going to host DID NOT get cancelled, so they will be happening as well!

AUX-04   Computers/Website   Wed-Friday
AUX-10   Information Systems Tues-Friday

ALSO: COMO Maddox will be offering AUXNAV, including both exams (part A and part B). Let COMO Mary Kirkwood know if you are interested.. We already have 7 members signed up. Class will run Tuesday-Friday. Bring your plotting tools!
