District 11N DSO-PV Report for the month of March 2019

Spring is in full bloom and boaters are out visiting our Marine Partners. We need to make sure our displays are full of the materials that are in demand. Please keep up the good work that you, the silent life savers, are doing. Experiment with the different pamphlets and to see what is taken the most. This will tell you what is the main lack knowledge in your area. Let's try to increase the number of Partners that we can leave information with this month.

The first column in the table (below) is new and shows the number of visits reported to the SO-PV and the second column if from Auxdata via Auxinfo. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits.

Reported via AuxInfo

Thank you to the SO-PVs who sent in a report. Those who did not, please make it a goal to send in a report even if it simply says 'Nothing to Report'. Keep up the good work of supporting your members in the Partner Visitation program.

The symbiotic relationship between PV, VSC, PE and PA strengthens all four of these core tasks. We Program Visitors are key to informing the Boating Community on everything from basic safety on the water to better methods in maintaining Situational Awareness. We pass training opportunities and interact in many other informative ways, limited only by imagination. ANY suggestions you may have to improve or sustain our program send them to dso-pv@d11nuscgaux.info

Respectfully Submitted.
