Subject: Surface Response Report for June, 2019

1. General comments
2. Authorized Patrol days
3. Annual Operation Workshop
4. RM Refresher training offered 15JUN2019
5. OPTREX report and update
6. AOM comment section review

### 1. General Comments

If you missed it, we had a great send off for Mr. Doug Leavell and we wish him well. Our new OTO, BOSN Finkelson will have his COC at Station Lake Tahoe on 21JUN2019. I haven't heard when he will be reporting to his new assignment but in the meantime, we are in the very capable hands of BOSN Devoy.

As I mentioned in my last report, follow your chain of leadership and please do not contact Mr. Devoy directly.

Reminder also, that Mike Brown will still be handling PPE request and concerns and he can be contacted best by email at [m.brown.uscgaux@gmail.com](mailto:m.brown.uscgaux@gmail.com). He will need the requesters name, ID number, flotilla, size, etc.

### 2. Authorized patrol days

All patrol missions are now authorized Friday thru Sunday. In the past during a 3-day holiday weekend, Monday was added to the list. Check with your OIA for confirmation.

Weekday patrols are authorized for ATON/PATON verification or at the request of the Coast Guard. The purpose of any patrol must be included in the comment section of AOM. See item 7 of this report for more details. Available patrol days may change toward the end of the fiscal year due to budget concerns.

### 3. Annual Operation Workshop

The annual OPS WKS for District 11nr operations personnel is mandatory again this year for our district and must be completed by 30JUN2019 to stay out of REWK.

This training should be delivered in a group session and the slides are available at the following URL for the PDF version

<http://rdept.cgau.org/documents/Workshop%20archives/2019SurfaceOperationsWorkshop.pdf> and

<http://rdept.cgau.org/documents/Workshop%20archives/2019SurfaceOperationsWorkshop.pptx> for the Power Point version.

There is now a link for this training on the district, response, surface operations web page.

Although this training doesn't show up in the Training Management report it is in the members Individual Training Record and can be found in AUXINFO.

4. The required RM 2.0 refresher training will be offered after the District 11 Board and Staff meeting on 15JUN2019 at 1300 on Coast Guard Island. There will be plenty of room so please invite your operation people to attend.

As of this writing the auxiliary still doesn't have any authorized instructors and we rely on the Coast Guard to provide this training. So, take advantage of this class on the 15<sup>th</sup>. I have been assured the instructor issue is close to being settled.

## 5. OPTREX update

### OPTREX Schedule 2019

UPDATED 10JUN2019

Date	Host	Check-ride date	Comments
June 20-22	Division 12	June 22 <sup>nd</sup>	Location: Marina Bay YC, Richmond Contact: Georgie Scheuerman

## 7. AOM comment section.

It's important for AIO's to know who is patrolling and what their plans are. The following matrix has been established to provide that information. Please follow it in every patrol order request.

- (1) Patrol Type - O1A MOM, O2 Regatta, ETC
- (2) Radio Guard - CG Station, GOVT Agency, Land mobile
- (3) Other AUX units - List by name or number, none or unknown
- (4) OGA/CG - Other government agencies, CG unit
- (5) Time - 0900-1600 - What hours you plan to be engaged in operations
- (6) Coxswain/Operator - Name and contact Cell number on facility
- (7) Additional Comments - Guest onboard, conduction 2 boat training, etc

(8) If guest onboard, is Liability Release signed. Scan and attach to AOM at closeout

(9) After Action comments- What did you do during the patrol

Thank you to Tommy Holtzman for his contribution.

Respectfully Submitted,
