District 11N DSO-PV Report for the month of May 2019

Thank you to all the Partner Visitors who made sure that their displays were full for National Safe Boating Week. We should start seeing our displays low on material as the boaters are now on the water after visiting our Partners. Let make sure that they stay full.

The first column in the table (below) is new and shows the number of visits reported to the SO-PV and the second column if from Auxdata via Auxinfo. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits.

Reported via AuxInfo

The symbiotic relationship between PV, VSC, PE and PA strengthens all four of these core tasks. We Program Visitors are key to informing the Boating Community on everything from basic safety on the water to better methods in maintaining Situational Awareness. We pass training opportunities and interact in many other informative ways, limited only by imagination. ANY suggestions you may have to improve or sustain our program send them to dso-pv@d11nuscgaux.info

Respectfully Submitted.
