District 11N DSO-PV Report for the month of June 2019

Midsummer is the highest boating time. Boaters will be keyed to spotting all things related to boating. As you make your visits, try to place your displays in obvious places so our boaters can easily see our material.

The first column in the table (below) is new and shows the number of visits reported to the SO-PV and the second column if from Auxdata via Auxinfo. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits.

Reported via AuxInfo As of the 10th of June

Thank you to the SO-PVs who sent in a report. There were only 5 of our 10 divisions that sent a report. Division Commanders, please encourage your SO-PVs to talk to your FSO-PV not just for a report but mainly to support them. Also have them encourage our PV members to send in their visit efforts to there IS officer.

Division 8 qualified another member as a Partner Visitor! Bravo Zulu.

Century Club Members Congratulations to the following members who completed 100-plus PV Visits in 2018 or 2019:

The symbiotic relationship between PV, VSC, PE and PA strengthens all four of these core tasks. We Partner Visitors are key to informing the Boating Community on everything from basic safety on the water to better methods in maintaining Situational Awareness. We pass training opportunities and interact in many other informative ways. ANY suggestions you may have to improve or sustain our program send them to dso-pv@d11nuscgaux.info

Respectfully Submitted.
