RE: ASC-SF AUG District B&S Report

- Sector SF has started preliminary planning for SF Fleet Week activities. Sector is requesting Auxiliary support in the following areas for THURS-SUN 10-13 OCT.
 1. AUX Vessel support for maintaining the safety zone around the Air Show Box and providing two TARP boats. This will be coordinated by our AUX SF Bay Patrol Coordinator.
 2. Auxiliarists to act as safety officers on CG Cutter COBB, a 175' buoy tender, which will be hosting many guests over the 4 days. An AUX POC will be appointed to coordinate.
 3. AUXFS to support Active Duty CS providing lunch to guests on COBB for 4 days. An AUX POC will be appointed to coordinate.

- SF Fleet Week Organizers, as in past years, will be working with an AUX POC to provide support for ship tours and people movement for above dates.

- Sector SF Planners working with our AUX Incident Management Officer have finalized and will integrate AUX incident support into the Sector SF COOP (Contingency of Operations Plan). This is the first time the Auxiliary has been formally integrated into the plan.
