## **District 11N DSO-PV Report for the month of July 2019**

We are on target to meet our goals that we adopted from National. We are past the half way mark but our reporting seems to lag about two months behind. The current highlights are Divisions 8 and 12 who have increased efforts drastically compared to las year. All this information that is getting to the boaters is preventing accidents and deaths that we will never know about. Don't let the dog days of summer slow you down, keep up the good work, and add more Marin Partners to your visit list.

Division Commanders, please encourage your SO-PVs to talk to your FSO-PV not just for a report but mainly to support them. Have them encourage your PV members to send in their visit efforts to there IS officer so they can be put in to Auxdata.

The information below is from some of the Divisions' monthly report that were sent in. The monthly reports are not just for number gathering but also used to share successes and ideas on how to improve our efforts. Thank you to division DSO-PVs who sent in a written report.

### **Division Report Highlights**

- Division 12 has 2 members in training, that is awesome and keep up the good work.
- Flotilla 88 has completed a list of confirmed and targeted businesses for PV partners.
  - This is something that each flotilla may want to think about doing. It will help give focus to the mission and create tangible goals to accomplish. This is not just doing the mission but making it more effective.

**Century Club Members Congratulations to the following members who completed 100-plus PV Visits in 2018 or 2019:**

**Welcome Roberto Morfin the Century Club list! Thank You for your partner visits.**

The first column in the table (below) is new and shows the number of visits reported to the SO-PV and the second column if from Auxdata via Auxinfo. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits.

**ANY suggestions you may have to improve or sustain our program send them to [dso-pv@d11nuscgaux.info](mailto:dso-pv@d11nuscgaux.info)**

**Respectfully Submitted.**
