Asst EPLO Work

The EPLO for D11 has transitioned from CDR Teresa Peace to LCDR Steve Neal. We will meet in October-November at CGI with D11 staff for orientation.

News from National

In advance of Hurricane Dorian, IM staff were solicited to be part of the new Incident Management Auxiliary Coordination Cell (IMACC) if necessary. An IMACC was stood up at the FEMA National Response Coordination Center (NRCC). We had 6 AUX members for the FEMA National Response Coordination Center in Washington, D.C. Two IMACC members are standing watch today at the NRCC for a 7 day deployment.

There was a request for ICS Qualified AUX personnel interested and able to deploy for 14 days minimum.

The request strongly preferred those holding a USCG or FEMA Qual letter:

- Situation Team Leader - SITL3
- Planning Section Chiefs - PSC3
- Resource Unit Leaders - RESL3
- Documentation Unit Leaders - DOCL3
- Demobilization Unit Leaders - DEMOB3
- Marine Transportation Recover Unit - MTSRU3
- Area Agency Representatives - AREP
- Safety Officers

This provided us some good insight into what data we need to have on our members (e.g. ICS quals), and what training and qualification directions we should consider. Offering the classes will be straightforward, it will be getting taskbooks signed off that needs development. I hope to discuss with D11 active duty staff when I visit CGI for EPLO work.
