District 11N DSO-PV Report for the Year 2019

Here is the end of the year report for 2019. Downside is we did not meet our District goal but the upside is we did have some divisions meet and exceed their goals. There are far more visits that were done then have been reported in to Auxdata. If those were reported, we would have met our goals.

Please let your members know that they can still turn in the work they have done for 2019. It is not too late and these can be used for D-Train awards too.

Reporting is appearing to still be a problem. This year reporting and getting our to do visitations will be encourage with a monthly email to all partner visitors. Ideas and examples will be highlighted in the email of encouragement.

Division Highlights

Divisions 8 and 12 met and way exceeded their goals. Take a look at the table you will see that they both surpassed their goals (which was 2% more then last year) by 400% and 1000% respectively. It is noted that Division 5 did nearly 400 more visits than any other division with at total of 1100 visits. Divisions 1, 5, and 10 all above 90% of their goal. Great work and Bravo Zulu to all of these divisions.

Century Club Members Congratulations to the following members who completed 100-plus Partner Visits. Welcome *Larry Seeger* to the Century Club list! Thank You for your partner visits.

District Totals	1972	4485	4731	95%	2643.62	4,638	2,414

The first column in the table (below) is new and shows the number of visits reported to the SO-PV and the second column if from Auxdata via Auxinfo. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits.

ANY suggestions you may have to improve or sustain our program send them to dso-pv@d11nuscgaux.info

Respectfully Submitted.
