Challenges:

Getting Divisions active in putting on Marine Environmental Protection or Sea Partner programs

Huzzah Huzzah

Congratulations to Bernard Brown who had completed all of the tasks for his Marine Safety Administration & Management PQS

Frank Boise the new SO-MS for Division 7 (and former ADSO MS UPV for District 11 South), has provided much assistance in the development of the UPV training program for both D11NR as well as D11 SR. Thanks Frank for all of your help.

So Far in 2020, the Marine Safety Team has put in 589 hours in Marine Safety Training, This number already exceeds our Marine Safety Training numbers for 2019 (573). This is due to all of the SO-MS and FSO-MS officers that have taken the time to get the word out on the value of the MS Training and quality of the programs.

Division MS Report Highlights:

All of the divisions are conducting great Marine Safety programs in their respective areas. Due to no internet here in Yellowstone, I cannot access my emails to provide the specifics for each Division

DSO MS Missions

Ferry Boat Exam Status:

Commander Rivera has approved the Ferry boat program materials and has allowed the trial period for Ferry Boat Outreach to start. Aux Michael Mitchell has prepared the No Cost Orders Paperwork which should go out shortly. Based on the COVID -19 standing orders issues, the exam hopefully should start in September.

Commercial Fishing Vessel and Uninspected Passenger Vessel Examinations.

Sector approved "Virtual" Commercial and UPV Exams to be conducted by approved examiners in April. The most successful virtual exams have been done using Facetime or Goggle Duo. So far Disistrict 11 NR has completed 19 Commercial Fishing Vessel Exams and 7 UPV.. D11NR is the only Cg District that adopted the virtual exam process.

UPV operators can now take on passengers but must adhere to 6 feet of railing per passenger. This means that most "6" pack boats are really "4" pack boats.

Marine Safety Training for 2020

So Far in 2020, the Marine Safety Team has put in 589 hours in Marine Safety Training, This number already exceeds our Marine Safety Training numbers for 2019 (563). This is due to all of the SO-MS and FSO-MS officers that have taken the time to get the word out on the value of the MS Training and quality of the programs.

On June 16, Wil Sumner and the ADV team offered the Introduction to Shoreline Cleanup Assessment Technique. We had 20 participants attend this training.

On June 29 & 30, Michael Mitchell and Wil Sumner hosted an On Line Uninspected Passenger Vessel Examiners class. We had 23 participants.

Dock Walker'

DBW is offering an online Dockwalker Training in August and Sepemver.

The sign in process is as follows:\

1. Please register to one of the virtual trainings mentioned above by emailing Vivian Matuk at vmatuk@coastal.ca.gov and let us know to which training you want to register. Please include your name, organization (if applicable), address and phone number.
2. Once we receive your registration, we will be sending you the Zoom invite information link and easy to follow instructions and some additional files.

Abandoned Derelict Vessel Activity

Ron Darcy has put together a great article called ADV Hunters, describing the activity of the Aux Air Group in their role of locating ADV in the Delta using a new Grid system. This article will be in the next issue of Northwind.
