| 4. Have You Check Chart Dates Lately? Dates of Chart Latest Editions Table as of 8/04/2020: | Page 4 |

1. We have moved from Sheltering-In-Place into Approved Phase 1 activities:

Phase 1 - Aid Verifiers are now authorized for Navigation Systems-Private Aid to Navigation Verifications and including Bridge Survey Missions 30, 31 & 32 that can be completed from LAND, conducted individually unless otherwise noted specifically or being conducted with a member of the same household. There is a few things you must do first.

1. Aid Verifiers, you must submit a “Auxiliary COVID-19 High Risk Assessment Form” only one time, with your first request for assignments to duty to OIA-DIRAUX/OTO by email to d11auxnorthern@uscg.mil. The “**Auxiliary COVID-19 High Risk Assessment Form**” ANSC-7101 (Rev 07-20) is available on the District Web Site by logging in with you member ID number & password.

2. Aid Verifiers, you must request from OIA-DIRAUX/OTO for assignments to Duty for a week at a time. You may submit one for a day or one for the week at least one week in advance. This will give you time to pick the days and time to do your 30 31 & 32 missions. DIRAUX will email back to you the approval or disapproval. The “**Request for Assignments to Duty form**” is available on the District Web Site by logging in with you member ID number & password.

3. Aid Verifiers make sure you have your assigned PATON Sheets and your assigned Bridge Survey forms. If you need new forms, contact DSO-NS and they will be e-mailed directly to you.

4. Aid Verifiers do not wear your uniform. No USCG or Auxiliary marking on your vehicle or clothing.

5. Do not forget to submit your 7030 for your mission 30-31-32 activity to your “IS” Officer or directly into AUXDATA II.

Now let us get out into the field safely and have fun. Remember to send all your PATON Reports and Bridge Survey Report to DSO-NS via E-mail if possible. If not possible send to DSO-NS by US Mail.

2. 2020 NAVIGATION SYSTEMS AUXDATA REPORT AS OF AUGUST 3, 2020: AUXDATA I & II real time NS-mission codes 30, 31 & 32” are included in this report

“We’re now in Phase 1, be sure to enter your 7030 into AUXDATA II directly or send to your “IS” Officer”

Question: Have you submitted your Navigation Systems 7030 reports and your name is not on the table above? Is the data above incorrect? If so, then you have not submitted a 7030 or all of your 7030's for your Navigation Systems activity to be entered by your FSO-IS. You may now enter your own Navigation Systems mission 30-31-32 into AUXDATA II if you know how. You still can submit all your 7030's for your Navigation Systems mission 30-31-32 activities to your "IS" Officer. For any 7030 problems, questions or answers check with your "IS" Officer. The FSO-IS, SO-IS & DSO-IS is the only members that can enter or make some changes to your Navigation Systems activity in AUXDATA II.

NOTE: All Navigation Systems activity awards for this year and AV certifications for next year is taken from AUXDATA information. **Do to COVID-19 no AV annual maintenance certifications will not be lost this year and you will be good for 2021.** Remember the old saying "If it's not in AUXDATA it didn't happen." That is why you should always check the table above each month. So, this way you can see that if you have not reported your NS activity (7030) to your FSO-IS or they have not entered your NS activity incorrectly you have time for them to correct your information into AUXDATA. The FSO-IS or SO-IS is the only member that can enter and correct your Navigation Systems activity into AUXDATA and only you can let the FSO-IS or SO-IS if the data information is incorrect.

AUXDATA I & II real time “NS mission codes 30, 31 & 32” is in this report”
