Subject: Emergency Management & Disaster Response (EM) Report

- EM Staff & Goals 2020
- Asst EPLO
- Everbridge Accountability – Northern CA Fires
- Hurricane Season to date
- DSO Updates

### **EM Staff & Goals 2020**

ADSO/Deputy - Alan Stanton  
ADSO Bryce Leinan  
ADSO Nikolay Zhrebnekov

1. Refine and continue Everbridge drills
2. DSO-EM to meet with Sector, District and Area ICS Coordinators to market ICS/Contingency Planning/EM services of AUX. Also TC Petaluma and Pacific Strike Team.
3. Explore/facilitate initial ICS position training - e.g. Staging Area Manager, resources unit, situation unit, PIO, etc.
4. Encourage participation in any available gold side exercise.
5. Meet with new ASC Sue Fry to continue ASC-EM relationship

### **Asst EPLO Work**

Interacted with D11 staff re SA updates.

### **Everbridge Accountability – Northern CA Fires**

The northern California wildland fires, which continue to burn today, affected several divisions and flotillas. In an effort to check in and support our members, and to provide accountability to the USCG, We used the Everbridge tool several times in August.

As of 24 AUG, D11 n had overall results from Divisions 3, 4, 5, 6, 8. Eighteen members evacuated and 3 members were preparing to evacuate. DCDRs and FCs were given the detailed info to follow up on their folks.

### **Hurricane Season to date**

Attached to the email is the final situation report (sitrep) from Hurricane Laura, to give you an idea of the products distributed by the Incident Management Auxiliary Coordination Cell (IMACC) set up in the affected district. This time it was a virtual IMACC, using members from D8 and D17. I pass these reports on to Excom, ASCs and some DSOs. If other DSOs want them, let me know.

D8 did ask all districts to compile a list of ICS position qualified Auxiliarists. I used last year's list to put it together; it was not called upon.

I now have a new google sheet tool to track ICS qualifications. I'll be sending out info in the near future – it will make it a one-time effort to track names for deployments. Someday, I am told, AuxData 2 may perform this task.

### **DSO Updates**

For the latest information on the USCG Forces response to COVID-19 see the [COVID-19 Info](#) page.

ICS 300 & 400 on line at AUX LMS: <https://auxlearning.uscg.mil/>

If you have any questions, please call or email.

At the request of Q Directorate I collated some Emergency Management photos from D11n members and submitted them to Q for potential use by gold side Office of Emergency Management (OEM). Attached to the email is this month's newsletter; maybe next month!
