

04 Jan 2022

TO: Board & Staff
FROM: Larry Olson, DSO-AV
SUBJECT: AuxAir Monthly Report for December 2021.

There is not much to report on for this month. We are not flying and had no operational activities during December.

We are continuing some ground school training and are working with potential new auxair members and helping them do as much as possible before required flight training.

We have cancelled our January Squadron Dinner due to the current COVID situation.

Current auxair members are working on their annual 7015 reports and we hope to have these done in the next two weeks.

If our District is going to have DTRAIN this year, we will hope to have a time slot and we will work on our presentation.

Respectfully submitted,

Larry Olson

DSO-SV
