3. Updated 2021 C-School information per the website:

All C-Schools for FY2022.

Please be aware that none of these convenings are guaranteed. USCG Funding within the budget will effect plans as well as student signup. Courses must get funded with AFC 56 money for listed dates or the course may be canceled. Exportable courses are designed with very limited AFC 56 funded seats and are designed around local no-cost orders from the DIRAUX's offices. They are scattered around the country to accommodate as many students as possible in a geographic area as requested by District Axillary leadership to the course POC. Some C-Schools are being held virtually using the ZOOM and / or MOODLE platforms. Contact the course POC listed on the [C-School Matrix](#) for current details.

Our District will be having several sessions and details are below:

Additional training schedule for January 15th for in-person and also via webinar. Thank you to all those who presented portions of the training and providing knowledge to help our elected officers.

5. D-Train 2022

Planning has begun. Class schedule is being worked and requests for instructors to teach is in the planning phase. Anyone wanting to teach a session, please reach out to me with the subject and short description along with the amount of time. Working to get as many classes offered as possible for our members. This will be the first D-Train in 2 years and we want to make it memorable.
