Re: ASC-SF Activity Report for January/February 2022

Activity at Sector San Francisco

- SLT meetings continue to be by phone conference.
- Once again, a hearty thank you to Sector Leadership and AUXLO's for continuing to attend remaining COW virtuals.
- Captain Lam attended the Memorial Service for Auxiliarists who have crossed the BAR. Much noted and appreciated.
- New Aux activities around YBI include sailboat training for Air Station SFO AST's to promote familiarity given by Aux members Luchetti and Blanchard.
- Continued support of UPV exams and Domestic Inspections. Support of EMFR by an Aux member with ICS expertise.. Other requests for Aux assistance are in waiting.
- Funneled questions/answers to appropriate Sector POC's.
