District 11N DSO-PV Report for February 2022

We have doubled the number of visits from 84 last month to 171, that is great work and reporting. We also had four divisions report their first visits too which is great, so we only have three divisions that have not reported any activity.

Why is doing RBS Program Visits (PV) important? It puts life saving information into the hands of those who recreate around and on water.

Is it hard to become a PV? NO! Simply read over the RBS Program Visitor manual (link at end of report), take the online open book test on the National Testing Center website (see end of report), and do two visits with a current PV, then order your materials (see end of report). Every Auxiliarist can be a Program Visitor.

Division Commanders, please appoint a SO-PV if you already haven't and get them into Auxdata so they can then support the FSO-PVs and PV members in your division.

Century Club Members Looking forward to seeing this table filled with those who completed 100-plus Partner Visits.

Our Goal for this year 2021 for the Marine Visit is to increase the marine visits by 2% from 2019 (see the stats chart) since 2020 was a COVID-19 bust.

Please encourage all your PVs to report their visits. Auxdata II makes it easy to report multiple days of visits on one form.
