DTRAIN

We presented two training classes. One was on running a flotilla-level PE program and, specifically, advertising and producing in-person and virtual courses. The second was on teaching the “A Paddler’s Guide to Safety” course.

Mandatory National Instructor Workshop

Currently 29 of our 132 instructors have a 2022 workshop showing up in AuxData.

Instructors are required to complete the workshop by 30 JUN 2022. Instructors who do not have a workshop entered into AuxData by then will be placed into REWK status. Instructors who do not have a workshop entered into AuxData by 31 DEC 2022 will be placed into REYR status. The workshop can either be studied alone by the instructor or – even better – taught by an instructor to one or more instructors (earning the teaching instructor some MT instructor hours!).

COMO Daniel Maxim Award for Excellence in Education

District will be sending one instructor nominee up to PACAREA on 30 APR. If your division has anyone it would like to nominate, please reach out to us at sean@auxgoldengate.org as soon as is possible.

I’m a New FSO-PE – Now What?

National has put together a great new training course designed for both FSO-PEs and for those returning to the position and who want to learn best practices. It covers the “nuts and bolts” of effectively handling the FSO-PE role. Well worth a review by every PE officer at every level (and, frankly, the elected leaders too!)
