District 11N DSO-PV Report for May 2022

We have a total of 771 visits so far this year which is 48% of our yearly goal. So as a District, we are on track to meet our year end goal so there has been a lot of work done. Looking at the chart, it is easy to see that some are divisions are either not getting out or are under reporting, the latter is most likely. The Auxdata “How to Guides” show an efficient way to report PV visits. The link is at the end of this report.

Division 5 is still knocking it out of the park. 144% of their goal and there is still a big chunk of the year before them. Division 10 is at 72% of their goal and going strong. With that, thank you to all the individual program visitors in all our divisions who are going out and doing visits and getting more partners to work with.

Emphasizing again this this month --Every member can be a Recreational Boating Safety Program Visitor in addition with doing any other mission of the Coast Guard and Coast Guard Auxiliary. Being a PV is an additional way we, as Auxiliarists, can help our boating friends and fellow humans to be safe and have fun on the water.

Century Club Members Next month is when we will see those who completed 100-plus Partner Visits.

2022 Century Club Members			

Our Goal for this year for the Marine Visit is to increase the marine visits by 2% from 2021.
