- Subj: 19 JUL 2022 D11NR DSO-PE Report

Mandatory National Instructor Workshop

Currently 128 of our 140 instructors have a 2022 workshop showing up in AuxData. This is a compliance rate of over 91.4%, up from 58% last month.

Instructors who do not have a workshop entered into AuxData will be placed into REWK status. Instructors who do not have a workshop entered into AuxData by 31 DEC 2022 will be placed into REYR status.

National E Directorate Meeting

There was a meeting hosted by the national E directorate for DSO-PEs from around the country on 13 JUL 2022. Curtis Han, DCOS, and Sean Harvey, DSO-PE, attended. From that call we learned the following:

- (a) Boat America books were out of stock but an order of 3,000 should be in stock by the end of July. National is working with the publisher to update some information and the shipment after that will have updated information. Books in circulation remain fine to use.
- (b) There was a discussion about youth courses, and how few flotillas show up in AuxData as offering youth courses. National acknowledges that not all courses taught to youths are getting coded in AuxData as "youth courses". National will be focusing on expanding offering of courses to youths and will be working with the AuxData directorate to allow more granular coding of PE courses.
- (c) There is a new PWC course in the works stay tuned!
- (d) National is working on a replacement to AuxPlusPE for flotillas to use as course management software. Remember – every flotilla is required to maintain information on enrollees and graduates *forever*. This is a difficult standard to meet without helpful software.

District PE Goals Snapshot

Our district's 2022 PE goals are: (i) for each division and each flotilla to have a PE officer, (ii) for each flotilla to have a fully qualified instructor (including having completed the

2022 instructor workshop), (iii) for each flotilla to have completed one PE course of any type, and (iv) for each flotilla to have completed one "A Paddler's Guide to Safety" course.

To help the PE department and the District board and staff at large track our progress on these goals, we have created the District PE Goals Snapshot, which is set forth below. In general, green means that a goal is met and yellow means that a goal is not yet met. The one exception is that a missing SO-PE shows up in red.

The goals snapshot reflects only the data that is in AuxData. If you see something that you believe to be an error, please first check AuxData to see if AuxData has the correct data. If AuxData has the correct data and our goals snapshot is in error, please reach out and let us know.

Those boxes with heavy outlining represent the progress made since last month's goals snapshot.
