## **District 11N DSO-PV Report for June 2022**

**Big jump in the number of visits reported. We have gone from 48% of our yearly goal to 66%. That is an additional 298 visits. Just think of how much RBS information is being disseminated to the public! This is what the Recreation Boating Safety Program Visitor mission is all about.**

**This is becoming a reoccurring theme; Division 5 is dominating in Program Visits with 573. It would be interesting to see at the end of the year if number of RBS instances drops in the geographical are the Division 5 is serving compared to last year, just saying. Division 10 and 12 are very close to meeting their goal and looks like they will hit them by the end of July. Thank you to all the individual program visitors in all our divisions who are going out and doing visits and getting more partners to work with.**

**Century Club Members WOW, Three members have hit the 100-plus Partner Visits level! Bravo Zulu to them for the hard work they have done.**

**Emphasizing again this this month --Every member can be a Recreational Boating Safety Program Visitor in addition with doing any other mission of the Coast Guard and Coast Guard Auxiliary. Being a PV is an additional way we, as Auxiliarists, can help our boating friends and fellow humans to be safe and have fun on the water.**

**The Auxdata “How to Guides” show an efficient way to report PV visits. The link is at the end of this report.**

Our Goal for this year for the Marine Visit is to increase the marine visits by 2% from 2021.
