## **District 11N DSO-PV Report for September 2022**

Totally amazing, we have reached and surpassed our District goal of 1613 program visits! We are currently at 112% of our goal. It is nice to see the Century Club with 8 members in it. When you see them next, tell them congratulations for serving the boating community so diligently. Divisions 5, 10, and 11 have all met and exceeded their goals and Division 7 is close to meeting theirs.

With the mad craziness of summer behind us, let us not forget that there are still plenty of people out there still enjoying boating. Let's add to our displays information on cold water survival such as ANSC 3006 - PAMPHLET, FEDERAL REQUIREMENTS FOR RECREATIONAL BOATS (BR/AWW) and as a shameless plug for the Auxiliary add 3023 - PAMPHLET, JOIN THE COAST GUARD AUXILIARY - "SERVICE ON LAND, SEA, AND IN THE AIR". Your materials officer can order these for you. A link to the ANSC catalog can be found at the end of this report.

**Century Club Members: Welcome John, Erik, Bill, and Linda to the 100-plus Partner Visits level! It is visitors like you that have help us reach our District goal!**

Every member can be a Recreational Boating Safety Program Visitor in addition with doing any other mission of the Coast Guard and Coast Guard Auxiliary. Being a PV is an additional way we, as Auxiliarists, can help our boating friends and fellow humans to be safe and have fun on the water.

The Auxdata "How to Guides" show an efficient way to report PV visits. The link is at the end of this report.

Our Goal for this year for the Marine Visit is to increase the marine visits by 2% from 2021.
