Re: ASC-SF Activity

Activity

- ASC-SF attended SLT meetings as held.
- Sector and Auxiliary activity was mainly involving Holiday activity and a variety of events.
- Holiday's, rotating schedules, our winter weather and Government funding dictated much of December and early January activity.
- An Auxiliary member volunteered to assist the Chief of the YBI Galley in some of the heavy tasks and is in the process of working on the CA PQS so he is able to do more tasks.
- Unit activity throughout the Sector is still on-going. Watch standers are still active in several Units and the Culinary Assistants provided Christmas dinners at Station Rio Vista. Much of the Sector is impacted heavily by the snow, rain, flooding and mud.
- A request for support from Air Station SF has been received for the March STAN Team visit and is being prepared.
- We are all looking forward for the sun to return and a bit warmer weather to arrive. (although as they say, we need the rain, just not so much of it at once).
- Stay safe and take care.

Respectfully submitted,
Sue Fry, ASC-SF
