

**MONTHLY REPORT  
INFORMATION SERVICES  
NOVEMBER 2022**

**Competencies**

Competencies are still being reviewed and updated.

**District Activity Report**

Attached is Mission Activity Report showing mission activities by Division. Please note the tabs across the bottom for PV and VE activity.

Since my October report, there has been a 20.52% increase in overall reported hours, 13.05% increase in Vessel Safety Checks, and an 8.02% increase in Program Visits.

**AUX-10 C-School**

In November, two members completed the AUX-10 Virtual C-School. Congratulations to Greg Oshel of Flotilla 03-03 and Adam Kovalevsky of Flotilla 12-91.

The next AUX-10 C-School will be an in person class held at NTRAIN in January 2023. In February 2023, the next AUX-10 Virtual C-School will begin. If your Division or Flotilla IS officers have not attended an AUX-10 C-School encourage them to submit an STTR for this course or register for the virtual course. We need more of our IS officers to complete this important course!

**Annual Unit Officers Report – ANSC 7007**

It is that time of year for all division and flotilla elected officers, both newly elected and those reelected to a second term, to determine who their 2023 appointed staff officers will be. Once these appointments are made, the DCDR or FC must fill out the Annual Unit Officers Report – ANSC 7007. This form must be submitted to the DIRAUX office and to the SO-IS or FSO-IS no later than December 20, 2022. The form can be found in the 'Forms Warehouse' on the National Website. Please make sure the elected and appointed officers are vetted and meet the criteria for holding elected or appointed office.

**REYR/REWK**

In the October REYR processing run, we had 2 Coxswains and 1 Crew Member competencies go into REYR status for not completing the Annual RM/TCT refresher course.

In the September REYR processing run, we had 1 PWC Operator competency go into REYR for not completing the Annual RM/TCT refresher course and 2 Coxswains competencies go into REYR for not completing the NAVRULES exam.

As always, my staff and I will be happy to help with any AUXDATA II needs.

Respectfully submitted,

Pamela Berger, DSO-IS
