## **District 11N DSO-PV Report for February 2023**

**We are off to a good start with some of the Divisions not slowing down from their fantastic 2022 run. Division 3-10 already has one new Program Visitor this year, that is awesome!**

**National is in the process of removing old materials from the ANSC and replacing them with modern, newer information (see bottom of report). The 2023 National Program Visitation Workshop has been approved for distribution and can be found on the National website (link at bottom of report).**

**There has been some confusion throughout the Auxiliary and not just our District about how to report program visits. When reporting your program visits, you are either Lead or Trainee. There is no non-lead for reporting visits.**

**Division commanders, could you please make sure that there is a SO-PV in your division? If you do have a SO-PV, could you please update your staff list by sending in form 7006. The staff officer position can be combined with most of the other staff offices as it dovetails nicely with all the RBS missions. Staff Officer position descriptions can be found at the end of this report.**

**Century Club Members: The Century Club is a special recognition for those who conduct more than 100 Program Visits. Looking forward to seeing who will be the first.**

<b>2023 Century Club Members</b>			

**Every member can be a Recreational Boating Safety Program Visitor in addition with doing any other mission of the Coast Guard and Coast Guard Auxiliary. Being a PV is an additional way we, as Auxiliarists, can help our boating friends and fellow humans to be safe and have fun on the water.**

**The Auxdata “How to Guides” show an efficient way to report PV visits. The link is at the end of this report.**

**Our Goals:**

- Increase the RBS Program Visits by 2% from 2023
- Have 65% of members report their visits (51 to 60)
- increase the number of total Program Visitors by 10% (92 to 102) current 93.
