## 2023 Annual Workshops

In the ALAUX 002/23, BSX announced the requirement for the 2023 Annual Workshops to be completed by 30 June 2023. Below are statistics of where our members stand regarding each of the program areas that require a workshop as well a link to the AUXDATA II Quick Stop report you can use to show up to the minute information about workshop attendance. These reports have the member's email address so you can easily make contact with members about the 2023 workshops.

Clicking on the link will bring you to a 'generic' report page that shows 'No Results', this is normal! To show information for your Division, Flotilla or the entire District,
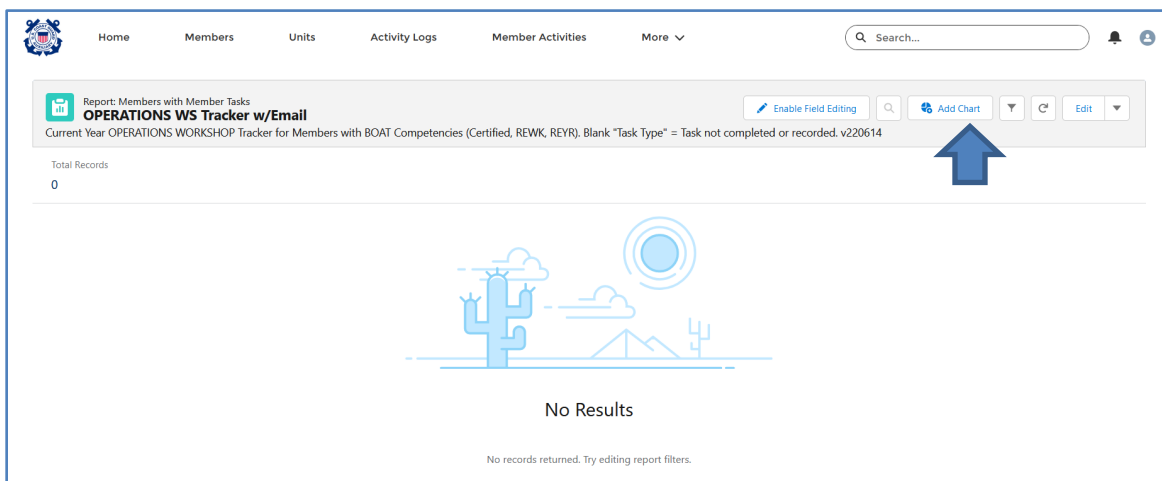

Click on the funnel icon in the upper right corner. In the menu, locate the 'Unit Number' filter and click "Change_to_Unit_Number".
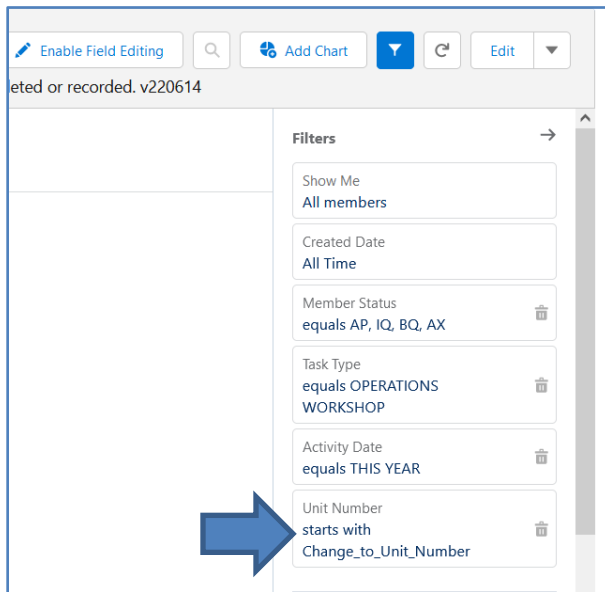

Delete the words "Change_to_Unit_Number" and replace them with the Unit Number you want the report to show results for. For the district, enter 113, for a Division, enter 11301 (for division 1 for example) or for a flotilla, enter 1130708 (for flotilla 07-08 for example). Do not use dashes.
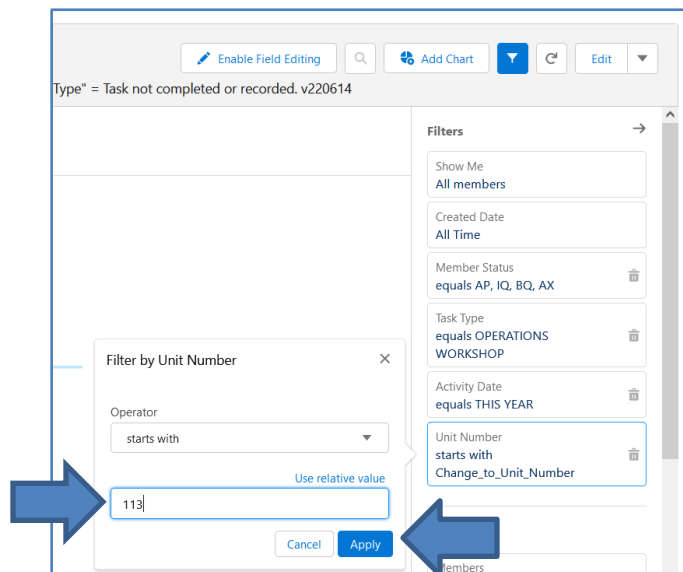

Then click 'Apply'. The resulting report will show members with the competency who are currently certified, in REYR or REWK, and it will show if they have completed the required workshop and the date it was completed.

Air Operations Workshop 0 of the 22 members in the Air program have completed the Air Operations Workshop.

Culinary Assistance Specialist Sanitation Workshop 6 of the 33 members Culinary Assistance program completed the Sanitation Workshop.

If you have any questions or would like more information or training on AUXDATA II reports, please let me know and I would be happy to schedule a training session.
