Security**

**U.S. Coast Guard Auxiliary  
District 11 Northern Region**

*Serving Northern California, Nevada, Utah*

DATE: 5 March 2023

TO: DCO Curtis Han, DCOS Jim Losi, D11 Board

CC: Sue Fry, BMC Colt Fairchild, BM2 Isaiah O'Brien

FROM: Bryce Leinan, AUC STATION LAKE TAHOE

RE: **AUC STA LT March 2023 Report**

### **HIGHLIGHTS**

- 1) Snow, snow, snow... if you want snow, Station Lake Tahoe has it. BMC Fairchild asked if we knew any roofing companies to remove snow. Dan Powers from 11-01 contacted companies he works with to see if they could assist.
- 2) The station canceled participation in the Snowfest Parade due to inclement weather, and Garwoods canceled the Polar Bear Plunge due to the inclement weather as well.

### **Future Activities**

- We are planning for events as requested by STALT Leadership, including Change of Command.

### **Challenges**

- Snow burying Station Lake Tahoe, 11-01, cannot hold meetings there due to the snow around the parking lot and the station itself.
- OIC Transition during the busy season.

### **Goals and Objectives**

- Be an assistant to the station crew while not getting buried by snow (did we say the station has snow?)
