

13 November 2023

TO: Board and Staff  
FROM: Larry Olson, DSO-AV  
SUBJECT: AuxAir Report for October 2023.

October was a slower month for auxair as we only flew three patrols during the month.

We were busy with administrative and training duties. DIRAUX requested we put together and submit a budget projection for the current CR period and Doug Kerr handled this for auxair. Stan Douglas continued training new members for the positions of Observer, Aircrew, and Pilot. This included ground school training for three Observer trainees.

We have a new AUXLO at Air Station San Francisco and he is LTJG Tommy Smith.

Respectfully submitted,

Larry Olson, DSO-AV
