### **ALAUX SEA PARTNERS National Branch Chief Thomas M Brennan: Bi-Monthly Meetings in**

**2024**[This message was sent via BCC to all DSO-MSs.]

Good morning,

Attached to this message, you will find the first quarter hours reports for the Sea Partners and America's Waterway Watch (AWW) programs. Both programs showed an increase in logged hours from Q1 in 2022.

- **Sea Partners hours increased from 657.4 in 2022 to 958.61 this year.**
- AWW hours increased from 180.12 in 2022 to 204.5 this year.

Please distribute this message along with the attached reports down the Marine Safety chain of leadership, along with my thanks for supporting these Prevention Outreach initiatives. I would appreciate being cc'd on that message forward.

If you or any of the Marine Safety Officers in your District should have any questions or feedback or would like training regarding Sea Partners or AWW, please don't hesitate to contact me.

And thank you for all you do!

**Regarding the above noting the increase in SEA PARTNER'S HOURS to 958.61 for 2023:**

**Of the 14 District's of the Auxiliary I am EXTREMELY PLEASED TO ANNOUNCE THAT D11NR accounted for 234.7 of those 958.61 hours.**

**I would like to Thank our ADSO-MS SEA PARTNERS, MORGAN SWIGGETT Along with All our Members within D11NR who Supported and participated in our Sea Parteners's Workshops, and Activities in 2023. BZ TO ALL.**

**WELCOME CDR Krysia POHL Chief of Prevention S. F. Sector. We stand Ready to support your mission to the best of our abilities.**

**Note: CDR Hale Allegretti, Chief of Prevention, Sector San Francisco Departed and CDR Krysia Pohl, has taken leadership, with a strong Team, the Helm as Prevention Chief, Effective 11 AUG 2023.**

We within the Auxiliary Prevention Departments MS/MEP/SEC Unit, would like to Express our Thanks to CDR Allegretti for All of his direction and support of the D11NR Auxiliary MS Unit. It was indeed a pleasure to meet on 17 JUL just prior to his departure to reflect on the last two years and project with approval new QUAL to support Sector manpower Readiness by the Auxiliary MSEP Unit of the Prevention Dept. It has been a true pleasure to have known and work withed CDR Allegretti, and Sector S. F. Staff Officers, over these last two years as DSO-MS D11NR.

It is noted that JUL/AUG/SEP 2023, followed and extremely Active, inclusive of 5 new/different Course Programs, Quals Workshops. An Additional New Quals Workshops which were reviewed With Sector by the DSO-MS and Appropriate ADSO-MS's.

The focus of the DSO-MS with previously established San Francisco Sector Meetings continues to be regarding the D11NR MS/SEC Unit of the Prevention Dept. increasing the "Active" and "Qualified" Personnel Resources directed towards Enhancing U.S.C.G. Manpower Readiness needs as Determined by you CDR for Sector San Francisco.

CDR Allegretti and I last met with ADSO-MS CFV/UPVE and also, usually Lt. Kenny, ENS Jankelow and LTJG Daivs as well as other Staff Officer's. However I was 20 min late arriving aboard YBI, and Sector business required their attention. CDR Allegreti discussed with my request for verification of Additional Quals needed within Sector, and provided me a brief on soon coming aboard Sector San Francisco -Prevention Chief, yourself CDR Krysia Pohl. He specifically told me he had complimented

the Auxiliarie's contributions to the Marine Safety Mission as well as our willingness to support Sector with/on other Community Outreach Events.

**CDR Krysia Pohl, Chief of the Prevention Department, Sector San Francisco, Arrived on Board 11**

**AUG 2023.** Once you Oriented and Settled in, I will look forward to meeting with you and the Sector Team that you CDR, deems appropriate when she extends said invitation to do so,

FYI: CDR Allegretti initially requested in 2021, when I was introduced as the newly appointed DSO-MS D11NR, that we meet than the traditional once a year. This proved to be viable and very productive meeting's quarterly, including individually meeting with Staff Officers and myself as AUX DSO-MS, as often as we deemed necessary. These Quarterly Meetings have taken place regularly, are reported monthly, and have led to increased positive working relationships, and the Expansion of Sector Identified/supported Quals for Auxiliarist. Those as well as new developments, in process, verifying a few new opportunities for Auxiliarist to become "Certified" by the Gold Side to enhance " Identified" Sector S. F. Need" mostly focused upon Sector San Francisco Manpower Readiness needs.

These include USCG Mission Support Roles. After appropriate Assessment, Training and Certification(s) currently have been under development with LT Kenny ( of the Sector Response Dept. she was working with Prevention) and myself. Upon Completion there was Sector San Francisco Specific Review of a Qual PQS for Polution Responder and Auxiliary Assitant Boat Crew. Only Dedicated Auxiliarist to Augment Minimum USCG ( Sector S. F. Specific) Boat Crew. If approved then passed to D11NR Auxiliary Senior Leadership, will review. **These Roles as discussed for Auxliarists, SHALL BE SPECIFIC to only Sector San Francisco, Sector's AOR, at the discretion of the COTP. .**

I look forward to continue working, as previously logged in my prior District Board and Staff Reports, w LT Natasha Kenney, now LTJG Rachel Davis and ENS Rachel Jankelow. LT Kenney , IMD co-chair, and I had been working, with CDR. Chief of Response, approval, the development of "**Potential**" **Enhanced Training or Auxiliary Pollution Responders for IMD.**

To Date We have Developed a comprehensive "Updated" **Specific to Sector San Francisco**, review of Pollution Responder PQS Programs ( Active Duty/Reserves and Auxiliary) for future active utilization within Sector San Francisco by "Qualified" Auxiliarist Support.

It has been intended that The Certification of Auxiliarist's Assistant Boat Crew would be Conducted through a several day course, including one day of mini SCAT Training, by the combined Active Duty/Gold Side and DSO-MS/Dep DSO-MS for mid 2024. This year, 2023, we finished developing this: "Sector San Francisco AOR" Specific: PQS and Training for Assistant Auxiliarist Boat Crew, Cleared as "Eyes only" Crew members on USCG SF AOR Patrols; Along with still to work on..."On-Call" Assistance with Aids to Navigation Auxiliarist to evaluate Notices to USCG.

CDR Allegretti was always aware and pleased that I report out on Sector San Francisco's Interests of Expanded AUX Support at All D11N USCG Auxiliary Board and Staff meetings. I strive to Provide current and accurate Information, to the D11N Commodore. District Chief of Staff and the D11NR Board and Fellow Staff Officers. I look forward to meeting with you in the near future CDR Pohl.

Several reported busy JUN-OCT Events and Activities covered JUN 10, 17, 24 JUN 2023 and AUG, SEP and OCT, as reported by the Appropriate MS Officers

FIRST: Directly as a result of this 01 AUG Promulgation for us within MS/SEC  
„CONGRATULATIONS TO:

“MORGEN” LISA CURTIS, Div 11 Northern 05, SO-MS.... of our ACTIVE MS UNIT - WHO HAS BEEN ACCEPTED BY THE “GOLDSIDE SAN FRANCISCO SECTOR – WATERWAYS MANAGEMENT DIVISION: MORGAN has been invited, and will be training with the Goldside “Waterways Management Team”, for completing Training and PQS in Waterways Management, then her Certification.

Definitely OUR Congratulations go to you Morgan, and our sincere Thanks to: LT William Harris and LT Abby Hamann – Waterways Management Division, Sector San Francisco, for their willingness to assist Morgan with accomplishing, this her goal in Marine Safety and Environmental Protection, becoming Certified in Waterways Management within D11NR. WELL DONE to ALL.

**JUN – OCT Activity and Training reports / Year in Review Training Calendar.**

**Reports: SEP/OCT 2023**

**:Jeff Fite, Dep DSO-MS / SO-MS 113-03**

Summary: Jeff Fite activity by Dep DSO-MS/ADSO-MS/SO-MS – Jeff Always submits an extensive and Excellent Report including his Div and Flotilla Activities

**Highlights:**

**WATERWAY CLEANUP 21 OCT 2023 - FREEPORT BRIDGE BEACH**  
**POC Jeff Fite: Flotilla 3-10 0900 briefing**

By virtue of attending the 2023 Qualls Workshop at STA Rio Vista back in June, you are considered to be currently striking for the AUX-POS qualification. I want to send you this announcement and invitation directly, in case the all-hands announcements to DIV's 3-5-10 get delayed.

One of Team Coast Guard's most important missions is *Marine Safety And Environmental Protection*, also called MS/MEP, and it is the biggest division of the Prevention Directorate. Boaters and other users of our waterways deserve clean water and shorelines because:

- A healthy ecosystem produces less debris in the water,
- Water free of pollutants is less toxic to swim in,
- Water flowing through a healthy environment is less likely to promote disease,
- Fish and other organisms taken from healthy environments are more abundant and safer to eat,
- Spending the day surrounded by a thriving natural world is pleasant and promotes mental and physical health, and
- helping maintain a diverse, healthy ecosystem is the kind thing to do for other species, and is good stewardship of the Earth.

You can help protect clean waterways by giving me and Flotilla 3-10 a hand with a Waterways Cleanup Event. We host one of these twice a year at **Freeport Bridge Beach**, In Freeport, CA. (MEES Students can satisfy section 5.2 of their PQS!) Safety Briefing at **0900, 21 OCT 2023**. You can bring family members, but you're responsible for them.

This is followed by a **BBQ Tieout** in Elk Grove immediately following at Lichtenberger Park South, immediately across the street from Good Shepherd Catholic Church. We'll have lawn games, PPE inspections if you need one, and our usual Flotilla meeting with elections for FC and VFC. And stay for some educational content as well!

- Two prospective UPVE's

#### **Details:**

- Jeff Fite, SO-MS/FSO-MS-03-10:
  - *Paddle Clean & Safe* events canceled due to heat, low turnout, and illness
  - Two UPV's worked with Fite and Larry Stanton to get ready for an examination. One scheduled for 07 AUG 2023.

#### **Projects:**

- Find an FSO for Flotilla 31 and 35 (and 3-10 eventually)
- UPVE review and proctored exams for Class Delta-1
- Complete the new MSAM (Progress notes: pending work with Lou Sarto )

#### **Future Activitie**

- Qualls Workshop Roadshow at STA Lake Tahoe, 09 SEP 2023 was cancelled due to Station readiness for Instructors due to prior Flooding issues. We will rescheule
- Classes were successfully introduced at PCA Fair, 16-17 SEP 202

#### **Challenges:**

- Not enough hours in the day, not enough days in the month

#### **Agency Interactions:**

- None reported

#### **Goals and Objectives:**

- Work towards Cross-certify all VE/MDV/PA/PA as Dockwalkers
- Complete MEES/MSAM Training for all Flotilla Officers
- Develop at least two more Auxilirists as UPV examiners (#1 - Jeff Fite)
- Outreach to Inland UPV operators, thence to begin UPVE's

### **Worth Repeating 10 JUN 2023 Annual MS Workshop for Qualls Day Station Rio Vista**

The 2023 MS/MEP Qualifications Workshop got underway at 0800 on 10 JUN 2023 at Sta Rio Vista

- The 2023 *MS/MEP Qualifications Workshop* was conducted, by Joseph Chavoen (DSO-MS), Jeff Fite,(Dep DSO-MS/ADSO-MS MEES / MAMS ), and Morgan Swiggett (ADSO-MS-Sea Partners) as instructors. Fifteen participants were trained on:
  - MEES - AUX-Prevention Outreach Specialist line items from the PQS, and on the qualification process and requirements for assembling an application packet, and ultimately an oral board and ultimately to qualification
  - MAMS( Fmr MSAM) principles, and how to start and progress through the Moodle modules leading to an oral board and ultimately to qualification

- AUX-UPV Examiner principles, and how to successfully complete the self-study sessions on the P-Directorate website, through proctored UPVE's, and ultimately to qualification.
- Bravo Zulu to the participants, who now comprise a cadre of MEES and MSAM candidates: Chris Armbrust, FLT 14; Frank Capurro, FLT 55; Gail Giacomini, FLT 14; Martin Ouellette, FLT 10-05; Jonathan Perrone, FLT 10-02; Lou Sarto, FLT Lou Sarto, FLT 14; Tim Trichelt, FLT 35; Jason Yen, FLT 53.
- A very Strong and Hardy Thanks to members of the 2022 MSTR Graduation Cadre. They returned for moral Support during Workshops, and a Round Table Discussion on the mindset and discipline necessary towards actually getting the qualifications completed: Thanks to: Morgan Curtis, FLT 53; Kit Galvan, FLT 53; Morgan Swiggett, FLT 12-91. These participants also received orientation to AUX-UPV.

**A very Special Thanks to Darcey and the CA Team for once again coming through and providing an Excellent Lunch for Participants and Station Rio Vista Personnel.** Darcey informed us that over expenses, we were able to( Donations for Lunch by AUX) , Provide the Station Welfare Fund with \$125.00. Thank You All for supporting this Annual Workshop

This Annual Workshop Day at Sta. Rio Vista in JUN Each Year will remain the principal venue for getting MS/MEP assisting AUX Team members towards their Various Chosen MS Qualifications,

The MS Instructor Team Members Jeff Fite and Morgan Swiggett, and I, met and agreed on providing, on a case-by-case basis, **“MS/MEP Roadshows”**. To take place where realistic hardships exist for D11NR participants.. Our Goal to allow Auxiliarists of D11NR to Participate - Due to Hardship for the “Mandated Face to Face” Qualification 4 hour Workshops .

Currently ASDO-MS MEES/MSAM to “Pilot” an All Day MS Qualification;s Roadshow.

**Historically** regarding MEES and MSAM, one Section had been annually offered at D-Train and the other at a PCA Fair with no particular order. 4 years Ago the MS Team “Established” the Summer “Annual MS Workshop Day at Station Rio Vista” in Addition to and to supplement D-Train and PCA Fair Time Slot Offerings.

Potential MS Road Shows are Lake Tahoe and the North Coast and Sector Humboldt are under consideration.

JUN through SEP PCA Fair, to OCT MS Support Events:

**Mini D- Train / PCA Fair SAT 17 JUN:** Morgan Swiggett ADSO MS Sea Partners and our DSO-FN , attended and reported out on D11NR Finances through MAY. **MS Team Activities of Summer 2023 (2)**

**ADSO-MS Sea Partners Morgan Swiggett: Coast Guard Island Shoreline Cleanup -**

**ADSO-MS Sea Partners Morgan Swiggett Invisioned and developed the combined Auxiliary and Gold Side Shoreline Cleanup event which was highly successful. In Addition to ADSO-MS Sea Partner’s Swiggett, DSO-MS Chavoen and 12 Auxiliarist showed up @ 0900 for a Briefing by Morgan and Risk vrs Gain Discussion regarding the Areas and Safety Issues associated with the Base’s Shoreline Cleanup.**

**SAT 23 SEP is California Coastal Cleanup Day.** This annual event always takes place on the third Saturday of September and is part of the International Coastal Cleanup, organized by the Ocean Conservancy. California Coastal Cleanup Day is the largest volunteer event in the US and International Coastal Cleanup Day is the largest volunteer event on the planet! This year we will be joining our friends at the City of Oakland for their version of the event and will be BACK on Coast Guard Island for another round of cleanup. Additional information on Oakland's Creek to Bay event for those interested can be found at:

<https://oakland-volunteer-community-oakgis.hub.arcgis.com/pages/oakland-creek-to-bay-day>

In addition to our next CGI cleanup on SAT 23SEP, I am looking into "adopting" our very own Coast Guard Island in order to participate in regular, ongoing shoreline cleanups on a critical site that could use some further attention, even after the outstanding effort we put into our last cleanup event. The City of Oakland offers a program where groups can "adopt" a site to regularly clean up and if my application is approved, it would allow us to coordinate with Oakland Public Works who can provide loaned tools (PPE), debris collection services and even donated refreshments for volunteers. I will report back once my application has been reviewed and I receive feedback. Additional details and information to follow so please be on the lookout for an email from me ([m.swiggett.uscgau@icloud.com](mailto:m.swiggett.uscgau@icloud.com)) in the coming days but if anyone has questions in the meantime, don't hesitate to reach me by email or phone (510-410-5138).

Morgan additionally Reported on his Flotilla's event for Memorial Day Weekend SAT, SUN and MON providing a booth, at the **San Ramon Art & Wind Festival** an annual tradition. Morgan set up the **Marine Safety section, which included The Pollution Diorama**. Here Morgan demonstrated to children and their parents the many ways that trash and other pollutants can make its way from suburban neighborhoods, creeks and storm drains all the way to the SF Bay and ocean. He also took the time to provide information and answer questions about **America's Waterway Watch** and to discuss the **Dockwalker's Program** with survey's filled out and kits distributed. There was a large focus on Marine Safety in general with lifejackets on display and a wide variety of brochures to hand out, including coloring books/sheets for the kids.

**On Sunday the Flotilla had one of our the Flotilla members, Doug Kerr, fly in his 1955 helicopter** for a landing on the baseball field where families could sit in the cockpit, take pictures and ask questions, **and Monday they had the famous Coastie roaming the pavement in front of our booth which is always a popular draw**. Big attendance both days and as usual, the interactive pollution diorama we have was a huge hit with both kids and their parents.

•

- Fite and Heap conducted Paddle Clean & Safe events at the Cosumnes River Preserve (12 adults and 8 children at the PA booth, and two paddlecraft VSC's), and at Lodi Lake (14 adults, 6 children, 1 VSC)
- Fite conducted an examination of an Uninspected Passenger Vessel on 21 JUN 2023 in Discovery Bay, with Larry Stanton as trainee. Vessel was the M/V Chief James Scott Martin, an ex-44 foot MLB that was stationed at USCG STA Tillamook Bay.

### **SO-MS Morgan Curtis 113-05-03**

Morgan always submits an engaging monthly report on her Flotillas MSEP Activities. She , Strongly Focuses on encouraging the Division's other FSO-MS to become as active as can assisting the Division and thus the District with our MS MEP Goals and trainings.

### **Abandoned and Derelict Vessels Workgroup:**

The last ADV Quarterly WorkGroup Meeting was held in person and Virtually on 18 OCT 2023 at 1000 hrs.

Chaired by Richard Burke OSPR with Co-Chair LTJG Rachel Davis, U.S. Coast Guard, Sector San Francisco. Historically a quarterly meeting at the Cal State Lands Commission, Hercules from 1000 to 1200 hrs., It was determined for multiple reasons to try moving to a JAN – JUL meeting in 2024.

The Agenda was around

“Regarding Relevant Updates” ADV’s with in San Joaquin County Removal; necessary “Booming” activities required when OES Ariel Noted Sheen; the Status of the Long term Former Passenger Vessel “Aurora”; Bouy Maintenance and four vessels boomed within Delta AOR; barges and Tugs stored in Broad in Broad Slew to be removed by owner by JUL 2024...he is mean while sending funds to support this activity as Broad Slew is a Federal Anchorage, not a Storage Facility.

“ The Oakland Estuary” in particular the A) Status update on the City of Oakland voting to increase funding for law Enforcement and removal of “numerous Vessel Encampments. And B) the Status and Role of the U.S. Coast Guard with it’s Responsibilities “ Bound by Direction of the Captain of the Port on matters of “Safety” All agreed this is a matter we will look forward to the City of Oakland once again supporting it’s Waterfront Patrol Unit.

**AUXAIR** I am Extremely Pleased that AUXAIR is actively rejoining the ADV WorkGroup.. A notice of Invitation shall be sent to all recorded Attendees By Andrew Kershen. Updates were provided.**AUXAIR** unfortunately was not able to make this meeting , however their Excellent support was recognized and Their two Aircraft identified ADVs ( 4) with photos within their report from 23-25 AUG was appreciated. The Report was buy Auxiliary Unit Coordinator ( AUC) Air Station Sacramento, Russ Kaiser, IPDCDR Div. 113-03, and it had been distributed. This was immediately followed up with Auxiliary Distribution by Ron Darcy, AUXAIR Rep to the ADV . Their Flyovers were properly reported to Sector San Francisco, and photos were taken of the 4 vessels they located.

These Flyovers and reported locations of Derlick vessels is always critical information especially with respect to Hazards to Navigation and numerous environmental issues.

**NOAA Continues to produce Monthly ADV SALVAGE SOLUTIONS UPDATES** on the Recycling of ADV’s these can be located for review at [SalvagingSolutions@noaa.gov](mailto:SalvagingSolutions@noaa.gov). I highly recommend their review for those interested in the partnerships developed in Rhode Island for Cost efficient ADV Recycling,
