Re: ASC-SF Activity for Jan/Feb 2024

Activity for ASC-SF in January and early February 2024

- Attending the Monday Brief of Sector and SLT meeting as able.
- LT Hamann is our new AUXLO and has been approving Surface activities throughout the AOR.
- Sector has been working with the grounding of a fishing vessel near Bodega Bay. They asked for assistance with observation along the coast line however due to weather and previous commitments we couldn't provide Aux members to help with that mission.

Respectfully submitted,
