**<u>Uniform Inspections</u>**

Several reports have been generated in AUXDATA II to aid in the recording of the uniform inspection. These reports can be found at Reports>All Folders>Quick Stop Reports>Quick Edits

| Name | Description | Folder |
|---|---|---|
| Uniform Edits - Member ID Filter | Initial report shows no records. Set Member ID Filter to return results. | .Quick Edits |
| Uniform Edits - Unit Filter | Initial report shows no records. Set Unit Filter to return results. | .Quick Edits |
| Uniform Edits - Name + ID sort with Unit | Initial report shows no records. Set Unit Filter to return results. | .Quick Edits |

The first report allows you to change the filter for the Member ID #.  This will allow you to access the report by member.

The next two reports allow you to change the Unit Number filter.  This will allow you to access the reports by unit (District, Division or Flotilla)  In these reports, the column with the Last Name is a quick link to the members record.  When using this report, I recommend right clicking on the member Last Name, and in the fly out menu, select 'Open Link in New Tab'.  This will allow the elected officer or IS officer to update the members record with the inspection date or check the Exempt box.  Closing the member record tab, will return you to the report where you can select the next member by right clicking on their name and opening their record in a new tab.

**<u>AUXDATA training (AUX-10 C-School)</u>**

The next AUX-10 C-School will be an online virtual class.  It will run two night a week (Tuesday and Thursday) for seven weeks.  The next class begins in April 2024.  All IS officers at all levels are strongly encouraged to attend a class.  Even if they have attended a class in the past, a refresher course is recommended.  Members can express their interest in attending the course by completing the Pre-Registration form found on the AUX-10 C-School page on the U Directorate website.

In addition, I would be happy to provide training in AUXDATA II.
