3. Updated 2021 C-School information per the website:

“The Coast Guard is currently working under a continuing resolution through December 11th. Because of this we are unable to announce pending "C" School convenings. Once the Coast Guard has a budget we will be able to release the 2021 "C-School schedule. AUXLAMS details were sent via email to all members if they would like to have your name on the list to attend via Zoom, let me know.

4. District Training Calendar

Additional classes will be added as needed. If you have any suggestions or would like a class that has been taught earlier this year, let me know and I will work to see if we can make it happen. New schedule to be out in February. Currently we are adding AUXNAV, AUXDATA II and others as needed.

5. Elected Officers Training

Training was schedule for January completing the EOT training for the FC/VFC's. Thank you to all the instructors that took the time in not only January but December for making a difference in the district leadership of our flotillas.

6. DSO Information Meetings

Sent an email out to all DSO's about having a webinar to have discussion and provide information to all the SO/FSO within their lane. Currently have several scheduled and some that have requested additional as they are planning to not only do the first session but continue either monthly or quarterly. Will continue to support as needed
