District 11N DSO-PV Report for January 2021

Welcome 2021! This year has already started off great. We have had 45 program visits reported in Auxdata II.

Information was on how to report data, officer descriptions, and PV links were sent out to all the SO0PVs and FSO-PVs that are currently listed in Aux Directory.

Division Commanders, please appoint a SO-PV if you already haven't and get them into Auxdata so they can then support the FSO-PVs and PV members in your division.

Added very useful links for the PV officers and members at the end of this report. They will become permanent to all future reports for reference purposes. They can also be found on our District web page.

Century Club Members Looking forward to seeing this table filled with those who completed 100-plus Partner Visits.

2021 Century Club Members			

Our Goal for this year 2021 for the Marine Visit is to increase the marine visits by 2% from 2019 (see the stats chart) since 2020 was a COVID-19 bust.

The first column in the table (above) shows the number of visits reported to the SO-PV. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits timely.

Thank you to our District Capt. Alan Stanton for helping me get currant data from Auxdata II.
