Re: ASC-SF activity

Activities

- Communications with AUXLO LT Cruz as necessary
- Attended Sector SF virtual Call Hands meetings on Fridays
- Attended ADM Shultz's State of the Coast Guard virtual address
- Received AUC Reports from 3 Station areas

Sector San Francisco remains in Phase1 which means no face to face contact with the Active Duty at YBI or participation with various events that the Auxiliary has done with several local Agencies in the past.

We hope that the positive effects of vaccinations and reduced numbers of Covid cases in the Area will lead to a progression to Phase 2.
