District 11N DSO-PV Report for March 2021

Program visitors are starting to get out more and more which is great.

We went from 30 visits last month to 105 visits in March, that is awesome. An email was sent out to all the SO-PVs and FSO-PVs with information that they can encourage their members to do as many non-contact visits they can with an approved assignment of duty in place. As always, please follow local health department and Coast Guard COVID policies, respect others, and have fun!

Flotilla 5-2 reported that they are preliminary planning to incorporate PV Partners in their 2021 NSBW Plan. What a great idea and would encourage all flotillas to do the same. A PV blitz is what our district needs and NSBW the perfect time to do one.

Century Club Members Looking forward to seeing this table filled with those who completed 100-plus Partner Visits, maybe March will be the month to start this.

2021 Century Club Members			

Our Goal for this year 2021 for the Marine Visit is to increase the marine visits by 2% from 2019 (see the stats chart) since 2020 was a COVID-19 bust.

The first column in the table (above) shows the number of visits reported to the SO-PV. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits timely.
