

**U.S. COAST GUARD AUXILIARY**  
**District Eleven North Region**  
**DISTRICT STAFF OFFICER REPORT**

**To: Dean McFarren, Commodore**

**May 12, 2021**

**Cc: District Board and Staff**

**From: Vinicio Mata, District Staff Officer - EM**

**Division: 11N**

**HIGHLIGHTS:**

1. Everbridge database was synched.
2. The Emergency Management and Disaster Preparedness Directorate (Q) is initiating a beta testing of an Auxiliary Qualification Tracking Program.

**DETAILS:**

1. Bryce Leinan synched the Everbridge database. We will need to geocode again. Bryce is working with National on a way to export our members after he geocodes again, so we don't to do that every time.
2. The Excel-spreadsheet-based program allows individual auxiliaries with Incident Command System (ICS), USCG, Auxiliary, professional, and other critical qualifications to identify their willingness to provide critical support to the Coast Guard and other government agencies.

**PROJECTS:**

1. Everbridge Geocoding

**CHALLENGES/OBSTACLES/OPPORTUNITIES:**

1. The Auxiliary Qualification Tracking Program is being implemented as an interim solution for tracking information until AUXDATA II matures enough to be able to take over that function. It presents a good opportunity for Auxiliaries interested in emergency management to communicate their capabilities.

**AGENCY INTERACTION:**

1. N/A

**GOALS AND OBJECTIVES:**

1. Complete Everbridge drills on a quarterly basis.
2. Complete an Emergency Management certification inventory throughout the district to understand the skills and experience within the district.
3. Determine if there will be any gold side exercises and encourage participation.
