Revised Slides for Boat America and BS&S

Course slides for Boat America have been updated to include information on the newly mandatory engine cut-off switches. BS&S slides are now available in Spanish.

About Boating Safely valid through 30 June 2021

NASBLA has extended its approval of this course through June 30, 2021. Flotillas may continue to issue NASBLA certificates for ABS courses offered during this time. This can be a chance for flotillas to use any ABS books that they have in stock. If any flotillas have any ABS books they do not anticipate using, they should email sean@auxgoldengate.org and we can help manage inventory.

Required Instructor Workshop Due 30 June 2021

This workshop is required for all certified instructors, and those currently training to become Instructors, including members in REYR status who intend to regain their certification. The IT workshop is located at the E-Directorate website "[What's New!](#)" page (in the Member Zone).

The workshop may be viewed individually or attended as a class. If you or any instructors in your division or flotilla would like to attend a District-organized online version of the workshop, please email us at sean@auxgoldengate.org with subject line "IT Workshop"

Members who individually view the IT workshop in their entirety must submit a [Workshop Attestation Form](#) to their FSO-IS for entry into AUXDATA II.

Instructors failing to complete the workshop by 30 June 2021 will be placed into REWK status.

Register for District IDC 2020 Course

District will be offering a four evening, online version of the Instructor Development Course 2020. This is for folks looking to become certified instructors. Successful students will leave the course having completed all of the requirements to become an instructor

other than having taught the one to two hour practice lesson. Dates will depend upon the availability of the interested students. To register, email us at sean@auxgoldengate.org with the subject line "IDC 2020".
