District 11N DSO-PV Report for April 2021

Now that we are Phase 3, we are seeing a lot more RBS Partner Visits and just in time with the start of the main boating season. Our Program Visitors (the auxiliarists) have really ramped up the efforts with the freedom that Phase 3 has given us by getting out to our partners and make sure that they the materials needed in their displays.

This is a repeat from last month’s report but it is worth including it again. Flotilla 5-2 reported that they are preliminary planning to incorporate PV Partners in their 2021 NSBW Plan. Division commanders, would please add this to your NSBW plan and encourage all your flotillas to add this to their plan?

Century Club Members Congratulations to Phil Mammano who is our first program visitor to complete 100-plus visits.

Our Goal for this year 2021 for the Marine Visit is to increase the marine visits by 2% from 2019 (see the stats chart) since 2020 was a COVID-19 bust.

The first column in the table (above) shows the number of visits reported to the SO-PV. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits timely.
